Paragraph 1.3., amend to read:

"1.3. "reversing lamps of different types" are reversing lamps which differ in such essential respects as:

- The trade name or mark,
- The characteristics of the optical system,
- The inclusion of components capable of altering the optical effect by reflection, refraction or absorption; and
- The category of the filament lamp.

The colour of the filament lamp or the colour of any filter does not constitute a change of type."

Insert a new paragraph 7.2., to read:

"7.2. The limits of the apparent surface in the direction of the reference axis of a light-signalling device shall be determined."
