Sub-Committee of Experts on the Globally  
Harmonized System of Classification  
and Labelling of Chemicals

Seventh session, 14-16 July 2004  
Item 7 of the provisional agenda

OTHER BUSINESS

Paper documentation

Note by the secretariat

At present, pre-session documentation, reports are circulated in paper form to most delegates. In fact all documents are also made available on the UNECE website and in practice most delegates download them as soon as they are available and do not use the paper documents circulated by the secretariat.

As part of its efforts to reduce expenditures and to protect the environment, the secretariat is seeking the cooperation of delegates of the Sub-Committee of Experts on the Transport of Dangerous Goods and of the Sub-Committee of Experts on the Globally Harmonized System of Classification and Labelling of Chemicals to avoid unnecessary reproduction of paper and mailing costs.

Therefore, all delegates are kindly requested to inform the secretariat whether they wish to continue to receive paper documentation or they can accept that their name be deleted from the circulation list by sending a message to [chantal.baudet@unece.org](mailto:chantal.baudet@unece.org) or by fax (00 41 22 917 00 39).

This concerns only the Sub-Committees documentation.

The Committee documentation, including publications such as the Orange Book, Manual of Tests and Criteria, GHS, will continue to be distributed to all delegates.
