**ECONOMIC COMMISSION FOR EUROPE**

**INLAND TRANSPORT COMMITTEE**

Working Party on Road Transport

Ad hoc Working Group on the Revision  
of the AETR

Third session  
Geneva, 22-24 May 2006  
Item 7 of the provisional agenda

**CONSIDERATION OF PROPOSED AMENDMENTS TO THE AETR**

Note by the secretariat

On the basis of the request contained in Article 2.4 of the new Regulation adopted by the EU (to be published before May 2006 in the Official Journal of the European Union), which was supported by the Inland Transport Committee at its 68<sup>th</sup> session, the secretariat, in cooperation with the European Commission, has prepared amendment proposals to the AETR, which seek to align it with the new EU Regulation.

These amendments are presented under the form of a comparison table between the current AETR text (including the last amendments not yet entered into force concerning the digital tachograph) and the new provisions to be introduced in order to take into account the relevant provisions of the new EU Regulation.

**COMPARISON TABLE BETWEEN THE CURRENT AETR PROVISIONS  
AND THE NEW PROVISIONS TO BE INTRODUCED INTO THE AETR**

AETR Text (with its last amendments)	Revisions arising from the new EU Regulation and Directive( <i>The modifications appear in bold</i> )	Corresponding article in the new EU regulation	Comments
<b><u>Article 1</u></b> <b><u>Definitions</u></b>			
a. " vehicle" means any motor vehicle or trailer; this term includes any combination of vehicles;		Art.4 (b) of the EU Regulation	A little bit different but not to be changed.
b. "motor vehicle" means any self-propelled road vehicle which is normally used for carrying persons or goods by road or for drawing, on the road, vehicles used for the carriage of persons or goods; this term does not include agricultural tractors;		Art.4 (b) of the EU Regulation	Idem
c. "trailer" means any vehicle designed to be drawn by a motor vehicle and includes semi trailers;		Art.4 (b) of the EU Regulation	Idem
d. "semi trailer" means any trailer designed to be coupled to a motor vehicle in such a way that part of it rests on the motor vehicle and that a substantial part of its weight and of the weight of its load is borne by the motor vehicle;		Art.4 (b) of the EU Regulation	Idem
e. "combination of vehicles" means coupled vehicles which travel on the road as a unit;		This definition does not exist in the EU Regulation	To be kept

AETR Text (with its last amendments)	Revisions arising from the new EU Regulation and Directive( <i>The modifications appear in bold</i> )	Corresponding article in the new EU regulation	Comments
f. "permissible maximum weight" means the maximum weight of the laden vehicle declared permissible by the competent authority of the State in which the vehicle is registered;	" permissible maximum <b>mass</b> " means the maximum mass of the laden vehicle declared permissible by the competent authority of the State in which the vehicle is registered;	Art.4 (m) of the EU Regulation	'Mass', rather than 'weight', is the more technically correct term
g. "carriage by road" means any journey made on roads open to the public of a vehicle, whether laden or not, used for the carriage of passengers or goods;	"carriage by road" means any journey made <b>entirely or in part</b> on roads open to the public of a vehicle, whether laden or not, used for the carriage of passengers or goods;	Art.4 (a) of the EU Regulation	This amendment clarifies that the rules should apply to those journeys that either start or finish on site (e.g. construction site, quarry,) but otherwise use a public road
h. "international road transport" [ <i>"international carriage by road"</i> ] means road transport which involves the crossing of at least one frontier;		This definition does not exist in the EU Regulation	To be kept
i. "regular services" means services which provide for the carriage of passengers at specified intervals along specified routes, passengers being taken up and set down at predetermined stopping points.  Rules governing the operations of services or documents taking the place thereof, approved by the competent authorities of Contracting Parties and published by the carrier before coming into operation, shall specify the conditions of carriage and in		Art.4 (n) of the EU Regulation	More complete in the AETR.  To be kept.

AETR Text (with its last amendments)	Revisions arising from the new EU Regulation and Directive( <i>The modifications appear in bold</i> )	Corresponding article in the new EU regulation	Comments
<p>particular the frequency of services, timetables, faretables and the obligation to accept passengers for carriage, insofar as such conditions are not prescribed by any law or regulation</p> <p>Services by whomsoever organized, which provide for the carriage of specified categories of passengers to the exclusion of other passengers, insofar as such services are operated under the conditions specified in the first subparagraph of this definition, shall be deemed to be regular services. Such services, in particular those providing for the carriage of workers to and from their place of work or of schoolchildren to and from school, are hereinafter called "special regular services";</p>			
<p>j "driver" means any person, whether wage-earning or not, who drives the vehicle even for a short period, or who is carried on the vehicle in order to be available for driving if necessary;</p>	<p>"driver" means any person, whether wage-earning or not, who drives the vehicle even for a short period, or who is carried on <b>a vehicle as part of his duties</b> in order to be available for driving if necessary;</p>	<p>Art.4 (c) of the EU Regulation</p>	<p>This nuance ensures those drivers who are carried in a convoy of vehicles but who switch vehicles to commence driving or who are carried in a vehicle as part of their duties in order to take over a lorry/coach should still be considered as 'drivers'.</p>
<p>k "crew member" means the driver or either of the following, whether wage-earning or not</p>		<p>This definition does not exist in the EU Regulation</p>	<p>To be kept</p>

AETR Text (with its last amendments)	Revisions arising from the new EU Regulation and Directive( <i>The modifications appear in bold</i> )	Corresponding article in the new EU regulation	Comments
<p>i) driver's mate, i.e. any person accompanying the driver in order to assist him in certain manoeuvres and habitually taking an effective part in the transport operations, though not a driver in the sense of paragraph (j) of this article;</p> <p>ii) conductor, i.e. any person who accompanies the driver of a vehicle engaged in the carriage of passengers and is responsible in particular for the issue or checking of tickets or other documents entitling passengers to travel on the vehicle;</p>			
<p>l. "week" means the period between 00.00 hours on Monday and 24.00 hours on Sunday;</p>		Art.4 (i) of the EU Regulation	Same definition
<p>m. "rest" means any uninterrupted period of at least one hour during which the driver may freely dispose of his time.</p>	<p>"rest" means any uninterrupted period [...] during which the driver may freely dispose of his time.</p>	Art.4 (f) of the EU Regulation	<p>The definition of 'rest' has been simplified. 'Rest' is to be distinguished from 'rest period', which is a distinct time period in the rules. There is no longer a minimum daily rest period of at least 1 hour, nor compensation for reductions in daily rest – split rests are now 3 hours plus 9 hours, so having the one hour distinction is</p>

AETR Text (with its last amendments)	Revisions arising from the new EU Regulation and Directive( <i>The modifications appear in bold</i> )	Corresponding article in the new EU regulation	Comments
			no longer necessary or appropriate
	(n) <b>“other work” means all working activities except driving, including any work for the same or another employer, within or outside of the transport sector. It does not include waiting and time devoted to driving spent in a vehicle in motion, a ferry or a train.</b>	Art.4 (e) of the EU Regulation	To be added but under a modified form  This definition reflects that set out in Article 7(3) of the Agreement, but specifically indicates that work for any other employer is to be taken into account.
	(o) <b>“driving period” means the duration of driving activity recorded automatically or semi-automatically or manually in the conditions defined in this Agreement</b>	Art.4 (j) of the EU Regulation	To be added but under a modified form  This definition simply confirms that driving recorded on the recording equipment or manually if it breaks down is to be considered as a ‘driving period’.
	(p) <b>“transport undertaking” means any natural person, any legal person, any association or group of persons without legal personality, whether profit-making or not, or any official body, whether having its own legal personality or being dependent upon an authority</b>	Art.4 (p) of the EU Regulation	This definition clarifies what constitutes a transport undertaking..

AETR Text (with its last amendments)	Revisions arising from the new EU Regulation and Directive( <i>The modifications appear in bold</i> )	Corresponding article in the new EU regulation	Comments
	<b>having such a personality, which engages in carriage by road, whether for hire or reward or for own account;</b>		
<b><u>Article 2</u></b> <b><u>Scope</u></b>			
1. This Agreement shall apply in the territory of each Contracting Party to all international road transport performed by any vehicle registered in the territory of the said Contracting Party or in the territory of any other Contracting Party.		Not applicable in the EU	unchanged
2. Nevertheless, (a) if, in the course of an international road transport operation one or more crew members do not leave the national territory in which they normally exercise their occupational activities, the Contracting Party for that territory shall be free not to apply to him or them the provisions of this Agreement; (b) Unless the Contracting Parties whose territory is used agree otherwise, this Agreement shall not apply to the international road transport performed by:		Not applicable for transports inside the EU	unchanged  unchanged

AETR Text (with its last amendments)	Revisions arising from the new EU Regulation and Directive( <i>The modifications appear in bold</i> )	Corresponding article in the new EU regulation	Comments
1. Vehicles used for the carriage of goods where the permissible maximum weight of the vehicle, including any trailer or semi trailer, does not exceed 3.5 tonnes;	1. Vehicles used for the carriage of goods where the permissible maximum <b>mass</b> of the vehicle, including any trailer or semi trailer, does not exceed 3.5 tonnes	Equivalent to Art.2 (1) (a) of the EU Regulation	(see draft revision of Article 1(f))
2. Vehicles used for the carriage of passengers which, by virtue of their construction and equipment are suitable for carrying not more than nine persons, including the driver, and are intended for that purpose;		Equivalent to Art.2 (1) (b) of the EU Regulation	To be kept without modification
3. Vehicles used for the carriage of passengers on regular services where the route covered by the service in question does not exceed 50 kilometres;		Equivalent to Art.3 (a) of the EU Regulation	To be kept without modification
4. Vehicles with a maximum authorized speed not exceeding 30 kilometres per hour;	4. Vehicles with a maximum authorized speed not exceeding <b>40</b> kilometres per hour;	Art.3 (b) of the EU Regulation	This limit was raised primarily to accommodate agricultural tractors which now have a maximum speed of 40kph ( <i>but see Article 1(b)</i> )
5. Vehicles used by or under the control of the armed services, civil defence, fire services, and forces responsible for maintaining public order;	5. Vehicles <b>owned or hired without a driver</b> by the armed services, civil defence services, fire services, and forces	Art.3 (c) of the EU Regulation	A more restrictive interpretation to avoid peripheral services, e.g. commercial removal vans etc, trying to use this exemption to

AETR Text (with its last amendments)	Revisions arising from the new EU Regulation and Directive( <i>The modifications appear in bold</i> )	Corresponding article in the new EU regulation	Comments
<p>6. Vehicles used in connection with the sewerage, flood protection, water, gas and electricity services, highway maintenance and control, refuse collection and disposal, telegraph and telephone services, carriage of postal articles, radio and television broadcasting and the detection of radio or television transmitters or receivers;</p>	<p>responsible for maintaining public order <b>when the carriage is undertaken as a consequence of the tasks assigned to these services and is under their control;</b></p> <p>6. Vehicles used in connection with the sewerage, flood protection, water, gas and electricity <b>maintenance</b> services, highway maintenance and control, <b>door-to-door</b> refuse collection and disposal, telegraph and telephone services, <del>carriage of postal articles</del>, radio and television broadcasting and the detection of radio or television transmitters or receivers</p>	<p>Art.13 (h) of the EU Regulation</p>	<p>avoid the rules.</p> <p>As the provision of public services has increasingly been undertaken by private firms subject to competitive pressures, these services are now an optional national derogation in the new EU rules. They are retained here in a more precise way. However postal services have been deleted, as even the optional derogation relates to vehicles less than 7.5 tonnes, where driving is not the driver’s main activity.</p>
<p>7. Vehicles used in emergencies or rescue operations;</p>	<p>7. Vehicles used in emergencies or rescue operations, <b>including the non-commercial transport of humanitarian aid.</b></p>	<p>Art. 3 (d) of the EU Regulation</p>	<p>This clarifies an aspect of emergency/rescue operations – only in this context can this type of transport be exempt.</p>
<p>8. Specialized vehicles used for medical purposes;</p>		<p>Art.3 (e) of the EU Regulation</p>	<p>unchanged</p>

AETR Text (with its last amendments)	Revisions arising from the new EU Regulation and Directive( <i>The modifications appear in bold</i> )	Corresponding article in the new EU regulation	Comments
9 Vehicles transporting circus and funfair equipment;	9. <b>Specialised</b> vehicles transporting circus and funfair equipment	Art.13 (j) of the EU Regulation	This ensures that normal lorries, which may be used for other transport, do not take advantage of this exemption.
10. Specialized breakdown vehicles;	10. Specialized breakdown vehicles <b>operating within 100 km of their base</b>	Art.3 (f) of the EU Regulation	This is to prevent abuse of the rules by breakdown vehicles which regularly travel long distances without any road safety requirement.
11. Vehicles undergoing road tests for technical development, repair or maintenance purposes, and new or rebuilt vehicles which have not yet been put into service;		Art.3 (g) of the EU Regulation	To be kept without modification
12. Vehicles used for non-commercial carriage of goods for personal use;	12. Vehicles <b>with a maximum permissible mass not exceeding 7.5 tons</b> used for non-commercial carriage of goods <del>for personal use;</del>	Art.3 (h) of the EU Regulation	The amendment restricts the exemption to smaller vehicles. A vocational licence should be required by drivers of larger vehicles, who normally should comply with the Agreement's provisions
13. Vehicles used for milk collection from farms and the return to farms of milk containers or milk products intended for animal feed.		Art.13 (l) of the EU Regulation	To be kept without modification, even if only optional in the EU Regulation.

AETR Text (with its last amendments)	Revisions arising from the new EU Regulation and Directive( <i>The modifications appear in bold</i> )	Corresponding article in the new EU regulation	Comments
	<b>14. Commercial vehicles, which have a historic status according to the legislation of the Member State in which they are being driven and which are used for the non-commercial carriage of passengers or goods.</b>	Art.3 (i) of the EU Regulation	To be added  This exemption is inserted to clarify the application of an exemption to this type of vehicle.
<b><u>Article 3</u></b> <b><u>Application of some provisions of the Agreement to road transport performed by vehicles registered in the territories of non-Contracting States</u></b>			
1. Each Contracting Party shall apply in its territory, in respect of international road transport performed by any vehicle registered in the territory of a State which is not a Contracting Party to this Agreement, provisions not less strict than those laid down in articles 5, 6, 7, 8, 9 and 10 of this Agreement.		Does not exist in the EU Regulation	To be kept
2. It shall be open to any Contracting Party, in the case of a vehicle registered in a State which is not a Contracting Party to this Agreement, merely to require, in lieu of a control device conforming to the specifications in the annex to this Agreement, daily record sheets, completed manually by the driver.		Does not exist in the EU Regulation	To be kept

AETR Text (with its last amendments)	Revisions arising from the new EU Regulation and Directive( <i>The modifications appear in bold</i> )	Corresponding article in the new EU regulation	Comments
<p><b><u>Article 4</u></b> <b><u>General principles</u></b></p>			
<p>Each Contracting Party may apply higher minima or lower maxima than those laid down in articles 5 to 8 inclusive. Nevertheless, the provisions of this Agreement shall remain applicable to drivers, engaged in international road transport operations on vehicles registered in another Contracting or non-Contracting State.</p>		<p>Article 11 of EU Regulation, but mention of new phrase on collective or other agreements is unnecessary</p>	<p>To be kept</p>
<p><b><u>Article 5</u></b> <b><u>Crews</u></b></p>			
<p>1. The minimum ages for drivers engaged in the carriage of goods shall be as follows:</p> <p>(a) for vehicles, including, where appropriate, trailers or semi-trailers, having a permissible maximum weight of not more than 7.5 tonnes, 18 years;</p> <p>(b) for other vehicles:</p> <p style="padding-left: 20px;">21 years, or</p> <p style="padding-left: 20px;">18 years provided that the person concerned holds a certificate of professional competence recognized by one of the Contracting Parties confirming that he has completed a training course for drivers of vehicles intended for the</p>		<p>Now contained in Art. 5(2) of Directive 2003/59/EC on the initial qualification and training of drivers. Slight distinction in terms of vehicles covered, depending on CPC obtained.</p> <p>Art.5 of the EU Regulation refers only to driver's mates and conductors.</p>	<p>The AETR text is more precise. To be kept without modification</p>

<p>carriage of goods by road. Contracting Parties shall inform one another of the prevailing national minimum training levels and other relevant conditions relating to drivers engaged in international carriage of goods under this Agreement.</p>			
<p>2. Any driver engaged in the carriage of passengers shall have reached the age of 21 years.</p> <p>Any driver engaged in the carriage of passengers on journeys beyond a 50 kilometre radius from the place where the vehicle is normally based must also fulfil one of the following conditions:</p> <p>(a) he must have worked for at least one year in the carriage of goods as a driver of vehicles with a permissible maximum weight exceeding 3.5 tonnes;</p> <p>(b) he must have worked for at least one year as a driver of vehicles used to provide passenger services on journeys within a 50 kilometre radius from the place where the vehicle is normally based, or other types of passenger services not subject to this Agreement provided the competent authority considers that he has by so doing acquired the necessary</p>		<p>Now contained in Art. 5(3) of Directive 2003/59/EC on the initial qualification and training of drivers – experience is no longer a determining factor, while CPC type determines the minimum age needed.</p>	<p>To be kept without modification</p>

AETR Text (with its last amendments)	Revisions arising from the new EU Regulation and Directive( <i>The modifications appear in bold</i> )	Corresponding article in the new EU regulation	Comments
<p>experience;</p> <p>(c) he must hold a certificate of professional competence recognized by one of the Contracting Parties confirming that he has completed a training course for drivers of vehicles intended for the carriage of passengers by road.</p>			
<p><b>Article 6</b> <b><u>Driving periods</u></b></p>			
<p>1. The driving period between any two daily rest periods or between a daily rest period and a weekly rest period, hereinafter called "daily driving period", shall not exceed nine hours. It may be extended twice in any one week to ten hours.</p> <p style="padding-left: 40px;"><del>A driver must, after no more than six daily driving periods, take a weekly rest period as defined in article 8 (3).</del></p> <p style="padding-left: 40px;"><del>The weekly rest period may be postponed until the end of the sixth day if the total driving time over the six days does not exceed the maximum corresponding to six daily driving periods.</del></p> <p style="padding-left: 40px;"><del>— In the case of the international carriage of passengers, other than on regular services, the terms "six" and "sixth" in the second and third subparagraphs shall be replaced by "twelve" and</del></p>	<p><b>The weekly driving period shall not exceed 56 hours.</b></p>	<p>Art. 6.2 of the EU Regulation</p>	<p>First part to be kept without modification</p> <p>To be modified</p> <p>This clarifies the maximum weekly driving time which the current text in the Agreement leaves open to interpretation.</p>

AETR Text (with its last amendments)	Revisions arising from the new EU Regulation and Directive( <i>The modifications appear in bold</i> )	Corresponding article in the new EU regulation	Comments
<del>"twelfth" respectively.</del>			
2. The total period of driving in any one fortnight shall not exceed ninety hours.		Art. 6.3 of the EU Regulation	To be kept without modification
	<b>3. Driving periods shall include all driving on the territory of Contracting and Non-Contracting Parties.</b>	Art. 6.4 of the EU Regulation	This paragraph clarifies that driving does not stop or start when a border is crossed.
	<b>4. A driver shall record as other work any time spent as described in article 1(o) as well as any time spent driving a vehicle used for commercial operations not falling within the scope of this agreement and shall record any periods of availability, as set out in the Annex, article 12.3 (c). This record shall be entered either manually on a record sheet, a printout or by use of manual input facilities on recording equipment.</b>	Art. 6.5 of the EU Regulation	This paragraph deals with the issue of 'mixed scope' driving and ensures for road safety reasons that the other activities undertaken by the driver are not counted as 'rest'.
<b><u>Article 7</u></b> <b><u>Breaks</u></b>			
After four-and-a-half hours' driving, the driver shall observe a break of at least forty-five		Art. 7 of the EU	To be kept without modification

AETR Text (with its last amendments)	Revisions arising from the new EU Regulation and Directive( <i>The modifications appear in bold</i> )	Corresponding article in the new EU regulation	Comments
minutes, unless he begins a rest period.		Regulation	
1. This break may be replaced by breaks of at least fifteen minutes each distributed over the driving period or immediately after this period in such a way as to comply with the provisions of paragraph 1.	This break may be replaced by a breaks of at least fifteen minutes <b>followed by a break of at least 30 minutes</b> each distributed over the driving period or immediately after this period in such a way as to comply with the provisions of paragraph 1.	Art. 7 of the EU Regulation	This addresses the anomaly whereby a driver may drive for almost 9 hours with only a 15 minute break. For road safety and practical reasons this is insufficient recuperation time. The amendment allows a 30 minute minimum break.
2. During these breaks, the driver may not carry out any other work. For the purposes of this article, the waiting time and time not devoted to driving spent in a vehicle in motion, a ferry, or a train shall not be regarded as "other work".	During these breaks, the driver may not carry out any <b>driving or any other work. These breaks shall be used exclusively for recuperation.</b> <del>For the purposes of this article, the waiting time and time not devoted to driving spent in a vehicle in motion, a ferry, or a train shall not be regarded as "other work"</del>	This provision exists under the form of a definition (see Art. 4 (d) "break" in the EU Regulation.	This clarifies the purpose of a break. 'Other work' is treated in the definition section.  For deletion – see definition of other work)
3. The breaks observed under this article may not be regarded as daily rest periods.		This precision does not exist in the EU Regulation	To be kept without modification
<b><u>Article 8</u></b> <b><u>Rest periods</u></b>			
1. In each period of twenty-four hours, the driver shall have a daily rest period of at least eleven consecutive hours, which may be reduced to a minimum of nine	1. In each period of twenty-four hours, the driver shall have a daily rest period of at least eleven consecutive hours, which may be	Art. 8 of the EU Regulation but the presentation is different	To simplify the provisions and facilitate enforcement, compensation for reduced daily rest has been removed. By way of

AETR Text (with its last amendments)	Revisions arising from the new EU Regulation and Directive ( <i>The modifications appear in bold</i> )	Corresponding article in the new EU regulation	Comments
<p>consecutive hours not more than three times in any one week, on condition that an equivalent period of rest be granted as compensation before the end of the following week.</p> <p>On days when the rest is not reduced in accordance with the first subparagraph, it may be taken in two or three separate periods during the twenty-four hour period, one of which must be of at least eight consecutive hours. In this case the minimum length of the rest shall be increased to twelve hours.</p>	<p>reduced to a minimum of nine consecutive hours not more than three times <b>between any two weekly rest periods.</b> <del>in any one week, on condition that an equivalent period of rest be granted as compensation before the end of the following week.</del></p> <p>On days when the rest is not reduced in accordance with the first subparagraph, it may be taken in two <del>or three</del> separate periods during the twenty-four hour period, <b>the first of which must be an uninterrupted period of at least 3 hours and the second an uninterrupted period of at least 9 hours</b> <del>one of which must be of at least eight consecutive hours. In this case the minimum length of the rest shall be increased to twelve hours.</del></p>		<p>recompense the minimum bloc of daily rest (see 'split daily rest' provision in next paragraph) is raised from 8 hours to 9 hours, and splitting can only be into two periods, not three. Splitting daily rest still means that a minimum of 12 hours rest is required</p> <p>(see above)</p>
<p>2. During each period of thirty hours when a vehicle is manned by at least two drivers, each driver shall have a rest period of not less than eight consecutive hours.</p>	<p>2. AETR Text (with its last amendments)	Revisions arising from the new EU Regulation and Directive ( <i>The modifications appear in bold</i> )	Corresponding article in the new EU regulation	Comments
	For the first hours of this multi-manning, the presence of another driver or drivers is optional		
<p>3. In the course of each week, one of the rest periods referred to in paragraphs 1 and 2 shall be extended by way of weekly rest, to a total of forty-five consecutive hours. This rest period may be reduced to a minimum of thirty six consecutive hours if taken at the place where the vehicle is normally based or where the driver is based, or to a minimum of twenty-four consecutive hours if taken elsewhere. Each reduction shall be compensated by an equivalent rest taken <u>en bloc</u> before the end of the third week following the week in question.</p>	<p>3. In the course of each week, one of the rest periods referred to in paragraphs 1 and 2 shall be extended by way of weekly rest, to a total of forty-five consecutive hours. This rest period may be reduced to a minimum of twenty-four consecutive hours <del>if taken at the place where the vehicle is normally based or where the driver is based, or to a minimum of twenty-four consecutive hours if taken elsewhere.</del> Each reduction shall be compensated by an equivalent rest taken <u>en bloc</u> before the end of the third week following the week in question.</p> <p><b>A weekly rest period shall start no later than at the end of six 24-hour periods from the end of the previous weekly rest period.</b></p>	<p>Art. 8 of the EU Regulation but the presentation is different</p>	<p>To simplify the provisions and facilitate enforcement, 24 hours may also be a reduced rest period at the operational base or the driver's home – in any case the new tachograph cannot record whether a driver is away from base or not. The removal of this distinction is counterbalanced by a new provision in <b>Article 8.8</b></p> <p>This clarifies a general rule that was more vaguely put in Article 6(1) second and third paragraphs. It also now applies to all transport operations, including occasional passenger transport – see for the deletions in Article 6(1) paragraph four.</p>
<p>4. A weekly rest period which begins in one week and continues into the following week may be attached to either of these weeks.</p>		<p>Art. 8.9 of the EU Regulation but the presentation is different</p>	<p>unchanged</p>

AETR Text (with its last amendments)	Revisions arising from the new EU Regulation and Directive( <i>The modifications appear in bold</i> )	Corresponding article in the new EU regulation	Comments
5. <del>In the case of the carriage of passengers to which article 6 (1), fourth subparagraph, applies, the weekly rest period may be postponed until the week following that in respect of which the rest is due and added on to that second week's weekly rest.</del>			To be deleted See comments on Article 8(3) above.
6. Any rest taken as compensation for the reduction of the daily and/or weekly rest periods must be attached to another rest of at least eight hours and shall be granted, at the request of the person concerned, at the vehicle's parking place or driver's base.	<b>5.</b> Any rest taken as compensation for the reduction of <del>the daily and/or</del> weekly rest periods must be attached to another rest of at least <del>eight</del> <b>nine</b> hours and shall be granted, at the request of the person concerned, at the vehicle's parking place or driver's base.	Art. 8.7 of the EU Regulation but the presentation is different	See comments on Article 8(1) above
7. The daily rest period may be taken in a vehicle, as long as it is fitted with a bunk and is stationary.	<b>6. Where a driver chooses to do this</b> , the daily rest period <b>and a weekly rest period of less than 45 hours</b> may be taken in a vehicle, as long as it is fitted with <del>a bunk</del> <b>suitable sleeping facilities for each driver</b> and is stationary.	Art. 8 of the EU Regulation	This change recognises an increased use of on board sleeping facilities for extended periods away from base .However it leaves the decision up to the driver. There is a recognition that sleeping facilities should available for every driver on board.
8. Notwithstanding the provisions in paragraph 1 above where a driver engaged in the carriage of goods or passengers accompanies a vehicle which is transported by ferryboat or train, the daily rest period may be interrupted not more than once,	<b>7.</b> Notwithstanding the provisions in paragraph 1 above where a driver engaged in the carriage of goods or passengers accompanies a vehicle which is transported by ferryboat or train, the daily rest period may be	Art. 9.1 of the EU Regulation	In recognition that a driver may have to get on and off the ferry/train, the daily rest may be split into three, however the maximum of one hour to do these
