EUROPEAN AGREEMENT ON MAIN INTERNATIONAL RAILWAY LINES (AGC)

Annex I

RAILWAY LINES OF MAJOR INTERNATIONAL IMPORTANCE

Numbering of lines of major international importance

1. Principal lines, comprising reference lines and intermediate lines, called class-A lines, have two-digit numbers; supplementary lines, called class-B lines, have three-digit numbers.
2. North-south oriented reference lines have two-digit odd numbers ending in 5 and increasing from west to east. West-east oriented reference lines have two-digit even numbers ending in 0 and increasing from north to south. Intermediate lines have respectively two-digit odd and two-digit even numbers falling within the numbers of the reference lines between which they are located.
3. Class-B lines have three-digit numbers, the first digit being that of the nearest reference line to the north of the B-line concerned, the second being that of the nearest reference line to the west of the B-line concerned and the third being a serial number.
