157th session

Geneva, 26-29 June 2012

Item 4.11.1 of the provisional agenda

**1958 Agreement – Consideration of draft Corrigenda
to existing Regulations submitted by the secretariat**

Proposal for Corrigendum 1 to Revision 3 of Regulation No. 98 (Headlamps with gas-discharge light sources)

Note by the secretariat***

The text reproduced below has been prepared to correct Revision 3 of the Regulation, aligning the English version of footnote 1 in the scope of the Regulation to the French version. It is submitted to the World Forum for Harmonization of Vehicle Regulations (WP.29) and to the Administrative Committee (AC.1) for consideration.

* In accordance with the programme of work of the Inland Transport Committee for 2010–2014 (ECE/TRANS/208, para. 106 and ECE/TRANS/2010/8, programme activity 02.4), the World Forum will develop, harmonize and update Regulations in order to enhance the performance of vehicles. The present document is submitted in conformity with that mandate.

** This document is submitted late because the secretariat has just noticed the error to correct.

Administrative provisions, Scope, footnote 1, correct to read:

"¹ Nothing in this Regulation shall prevent a Contracting Party to the Agreement applying this Regulation from prohibiting the combination of a headlamp approved "PL" (Plastic Lens) under this Regulation with a mechanical headlamp-cleaning device (i.e. with wipers) on vehicles which it registers."
