**Economic Commission for Europe****Inland Transport Committee****Working Party on the Transport of Dangerous Goods****Joint Meeting of Experts on the Regulations annexed to the European Agreement concerning the International Carriage of Dangerous Goods by Inland Waterways (ADN) (ADN Safety Committee)****Twenty-second session**

Geneva, 21 – 25 January 2013

Item 5 (b) of the provisional agenda

**Proposals for amendments to the Regulations annexed to ADN:****Other amendment proposals**

---

**Proposed correction to column (8) of UN No. 1038 in Table A****Transmitted by the Recommended ADN Classification Societies**

In Table A (3.2.1), column (8) ("Carriage permitted") is empty for substance UN No. 1038, ETHYLENE, REFRIGERATED LIQUID.

If column (8) is empty, carriage of the substance is only authorized in a package. It is only if column (8) contains the code "T", that transport in a package and in a tank vessel is authorized.

However, in Table C in 3.2.3 Table C (List of dangerous goods accepted for carriage in tank vessels in numerical order), substance UN 1038 does appear.

A "T" needs to be added in column (8) of Table A for substance UN 1038.

This concerns all language versions.
