

Proposal for a Corrigendum to Regulation No. 46 (Devices for indirect vision)

I. Proposal

Paragraph 15.2.4.5.12., amend to read:

"15.2.4.5.12. Paragraphs 15.2.4.5.6. to 15.2.4.5.9. shall not apply to a vehicle where ~~no~~ **any** part of the **Class V** mirror, or its holder, is less than 2.4 m above the ground, regardless of its position after adjustment."

II. Justification

The proposal above aims at clarifying the text of the UN Regulation. The current text indeed provokes misunderstandings in practice, while the spirit of the amendments (04 series of amendments) was to limit the changes to vehicles with a high cab.
