## About our statistics on Public Transport

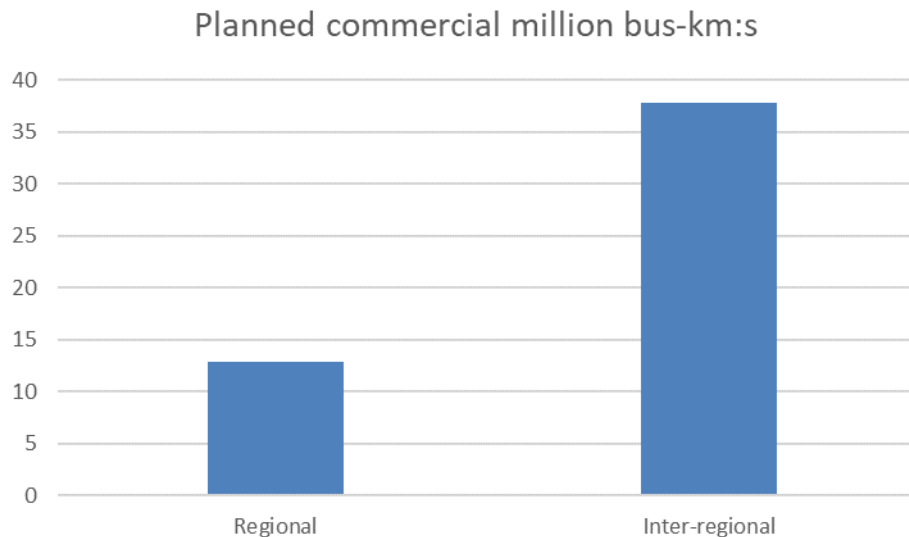

- Sources are a questionnaire and time-table data
- Main respondents are regional public transport authorities
- Commercial operators get a shorter questionnaire
- Population determined from time-table data

## Bus and Coach statistics

- Not mandatory
- Problems with non-response
- We will re-opening process to make it mandatory
- Good knowledge about planned vehicle kilometers and departures

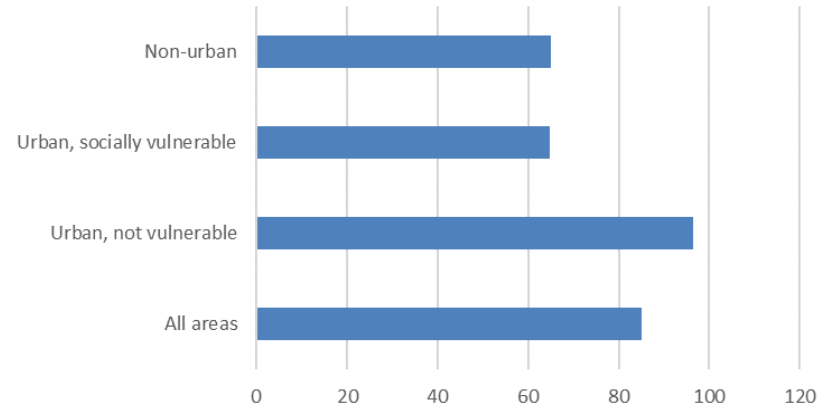

# Bus and Coach statistics

- 616 million planned bus-kilometers in subsidized regional PT

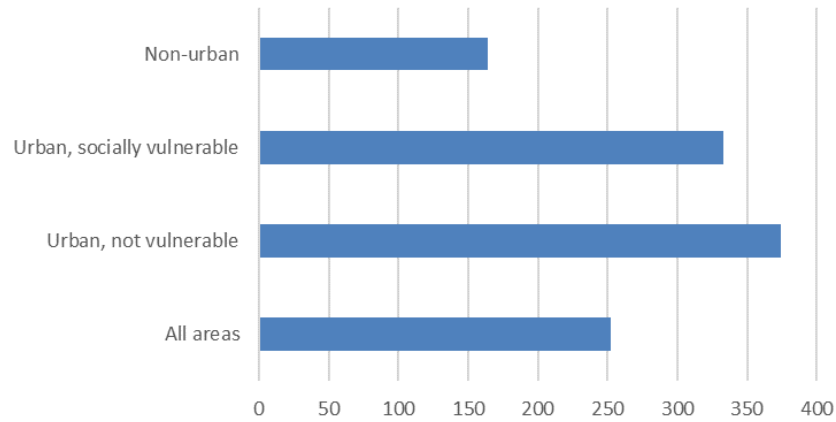

# Socially vulnerable areas

Departures per inhabitant and year

Departures per area and day

Thanks for your attention!
