UNECE

ST Division Report 2019

ITC Informal Document No. 8

INLAND TRANSPORT COMMITTEE

■ Aim of the report and its format:

- Inform delegates of the work and accomplishments of the ECE Sustainable Transport Division;
- Highlight how the work assists countries in making progress towards sustainable development of inland transport;

Opportunity to use the report as a tool to improve the visibility of the work of the ITC, its WP's and ST Division among a broader audience.

INLAND TRANSPORT COMMITTEE

■ Annex II

List of SDGs and targets that the activities are contributing to

Annex II

Glossary of Sustainable Development Goals and Targets in the work of the UNECE Sustainable Transport Division

1 NO POVERTY
End poverty in all its forms everywhere

2 ZERO HUNGER
End hunger, achieve food security and improved nutrition and promote sustainable agriculture

3 GOOD HEALTH AND WELL-BEING
Ensure healthy lives and promote well-being for all at all ages

11 SUSTAINABLE CITIES AND COMMUNITIES
Make cities inclusive, safe, resilient and sustainable

12 RESPONSIBLE CONSUMPTION AND PRODUCTION
Ensure sustainable consumption and production patterns

13 CLIMATE ACTION
Take urgent action to combat climate change and its impacts

Targets:

- 11.2 By 2030, provide access to safe, affordable, accessible and sustainable transport systems for all, improving road safety, notably by expanding public transport, with special attention to the needs of those in vulnerable situations, women, children, persons with disabilities and older persons
- 11.5 By 2030, significantly reduce the number of deaths and the number of people affected and substantially decrease the direct economic losses relative to global gross domestic product caused by disasters, including water-related disasters, with a focus on protecting the poor and people in vulnerable situations
- 11.a Support positive economic, social and environmental links between urban, peri-urban and rural areas by strengthening national and regional development planning
- 12.2 By 2030, achieve the sustainable management and efficient use of natural resources
- 12.3 By 2030, halve per capita global food waste at the retail and consumer levels and reduce food losses along production and supply chains, including post-harvest losses
- 12.4 By 2020, achieve the environmental frameworks, and significantly reduce their release to air, water and soil in order to minimize their adverse impacts on human health and the environment
- 12.5 By 2030, substantially reduce waste generation through prevention, reduction, recycling and reuse
- 13.2 Integrate climate change measures into national policies, strategies and planning
