9.3.3.12.8 of ADN

Transmitted by the Government of Germany ****

Proposal

1. Germany proposes that the Safety Committee make the following amendment to 9.3.3.12.8 of ADN.
2. 9.3.3.12.8 should read as follows:
“9.3.3.12.6 does not apply to open type N.”

Justification

3. Currently, 9.3.3.12.8 of ADN provides that 9.3.3.12.7 does not apply to type N tank vessels, but 9.3.3.12.7 only contains a requirement applicable to open type N tank vessels, which was recently introduced with effect as of 1 January 2019.
4. Document ECE/TRANS/WP.15/AC.2/2018/11, in which that amendment was proposed, probably contained a drafting error that resulted in the omission of the proposal to delete the reference to 9.3.3.12.7.

* Distributed in German by the Central Commission for the Navigation of the Rhine under the symbol CCNR-ZKR/ADN/WP.15/AC.2/2020/28.

** In accordance with the programme of work of the Inland Transport Committee for 2020 as outlined in the proposed programme budget for 2020 (A/74/6 (part V, sect. 20), para. 20.37).
