Proposal for a list of questions

UNECE

- On the first day of the 7th session of GE3, the Group decided to conduct a review of the Conventions (1949 and 1968) and Resolutions (2018 and 2022) under the auspices of WP1.
- To facilitate the process, the Group agreed that a list of questions could be used
- The Group's experts made proposals for the questions.
- In order to combine all suggestions, the Co-Chairs propose the following:

=> Question to be answered for each provision

Question 1: Is this provision ambiguous as it applies to ADS? [Yes or No](#)

If yes: Is the provision not comprehensive for ADS? Is anything missing?

Question 2: Does this provision compromise road users' safety when it applies to ADS? [Yes or No](#)

Question 3: Does this provision prevent the use of ADS in international road traffic (including cross-border operations?)
[Yes or No](#)

If yes, what are the barriers / obstacles in this provision?

Proposal for next steps

UNECE

- In order to perform the review of the Conventions (1949 and 1968) and Resolutions (2018 and 2022) in a simple and practical manner: :
 1. Create an online tool to gather opinions:
 - It will contain all the provisions;
 - For each provision, you will be asked to answer the agreed questions by Yes or No;
 - If the answer is yes, comments can be added.
 2. Each GE3 expert will enter his/her answers and potentials comments
 3. Organise informal meetings (virtual / in english only) to discuss the results of the review exercise. Each meeting will focus on specific chapters / group of provisions.
 4. A report on this exercise will be presented at the 8th session of GE3
